C) Member Area:
   1. Update Personal Profile
   Click on the Personal Profile tab from the left menu, this will allows you to update change some of your personal information. First, Last name and Date of birth cannot be changed as it is for the ID Verification purpose.

   2. Update Login Password
   Click on the Security tab from the left menu, this will allows you to update change your login password.

   3. Update Memorable Word
   Click on the Security tab from the left menu, this will allows you to update change your Memorable Word.

D) Token Purchase:
   Before you can place an order to purchase KahnChat (KCH) Tokens, there are few requires steps have to complete.
   1. Enter Ethereum Wallet Address
   i)   Enter your Ethereum wallet address where you want to receive the KCH Tokens.
   ii)   This Ethereum wallet address cannot be changed after registered, so ensure you have entered the correct Ethereum wallet address that supports ERC-20 token.
   iii) DO NOT USE any Exchange wallet to receive your KCH Token, you will lose the token.
   iv)   DO NOT USE any Exchange wallet to send ETH to KahnChat for token purchase. You will lose the ETH amount you sent.

   2. ID Verification
   We are required by The London Local Authorities Act of 2007 Part 5 § 75, and Money Laundering Regulations 2007 which governs the 'Know Your

Customer' (KYC) requirements to obtain proof of ID and proof of address documents for all customers who wish to participate in our ICO Sales.

All documents should either be in English or accompanied by an English translation by an Official Sworn Translator.

A - Proof of photographic Identification
We require a clear and readable coloured scanned or photocopy of the ID for compliance reasons.

1. Passport
2. Driving licence (photocard only)
3. National identity card
4. HM Forces identity card
5. Student Card (must be current)
6. Disabled drivers blue pass

B - Proof of Residential Address
The document must be dated within the last 3 months, and it must show both the person's name and address.

1. Bank statement
2. HM Revenue and Customs Notice
3. Telephone Bill - excluding mobile Bill
4. Gas, Water, Electricity Bill
5. Mortgage statement
6. Council tax bill

KahnChat Team will verify the documents you uploaded as soon as possible and update your verification status accordingly.

3. **Placing Order**
   i)   Once your ID verification has been accepted or approved, you can then process to place a purchase order for the KCH Tokens you wish to purchase.
   ii)   The system will auto calculate the KCH Tokens and the KCH Bonuses based on the amount of ETH you entered.
   iii)   Click submit to confirm order placing and process to next step.

4. Sending ETH to KahnChat Ethereum Wallet Address
   i)   After a purchase order placed, you will see KahnChat Ethereum wallet address where you need to send the requires ETH amount to.
   ii)   Click on the text box to copy KahnChat Ethereum wallet address. DO NO type in manually to avoid typo error and as a result of the ETH amount you sent was lost.
   iii)   You must send in the ETH amount within ONE Hour from order placed to be eligible to receive the promised KCH bonus. Payment

sent after the cut off date and time might result in the KCH bonus lesser than it should be if it passed the bonus mark deadline.
>
> iv)   **WE WILL NEVER SEND EMAIL TO YOU WITH OUR ETHEREUM WALLET ADDRESS. DO NOT SEND ETH TO THE ADDRESS YOU SAW IN THE EMAIL YOU RECEIVED.**

5. Checking Purchase Status
   i)   On the bottom page of the Member Dashboard, you can see the purchase order status.
   ii)   A "Payment Received" date will be updated to the list after payment received by KahnChat.
   iii) KCH Tokens will be distributed within a week after the ICO Sales closed

E) Affiliate Program:

You can join the KahnChat ICO Affiliate Program and receive a 5% Referral Commission of KCH Tokens

1. Registration Form
   i)   Complete the Affiliate Program registration form
   ii)   Verify your email address
   iii) Sign in to Member area
   iv)   Enter your Ethereum wallet address for the affiliate program bonus.

2. Affiliate link
   i)   Click on the affiliate link tab to view your unique links
   ii)   There are several links lead to different page of the website, simple copy the link and paste it to your promotional material, social media post etc.

3. Promotion material
   Beside the affiliate links, there are number of banners in different size where you can use to promote the site.

4. Promotion result
   You can check who singed up via your links, how much KCH bonus they bought and how much affiliate bonus you received from the Affiliate Report page.

5. Affiliate Bonus
   Affiliate bonus is schedule to distribute to your registered Ethereum wallet address a weeks after the ICO Sales closed.

F) Wallet

1. MyEtherWallet
We have had good experiences with My Ether Wallet.

Here is their guide to getting started taken directly from their website:

MyEtherWallet gives you the ability to generate new wallets so you can store your ETH & Tokens yourself, not on an exchange.

This process happens entirely on your computer, not our servers.
We are not a web wallet. MyEtherWallet is a client-side interface that allows you to interact with the Ethereum blockchain.

MyEtherWallet never save, store, or transmit any sensitive information ever. Therefore, when you generate a new wallet, you are responsible for safely backing it up.

In order to get started:

1. [Create a new wallet.](#)
2. [Back up the wallet.](#)
3. [Verify you have access to this new wallet](#).
4. [Transfer ETH / Tokens to this new wallet.](#)
5. [Check your Balance](#)

2. Trezor
[Trezor](#) is one of the most popular hardware wallet. You can purchase your wallet from them directly or on Amazon.

[This video](#) does a good job of explaining how to access ERC-20 Tokens like KCH on your Trezor.

3. Ledger Nano
[Ledger Nano](#) is one of the most popular hardware wallets. You can purchase your wallet from them directly or on Amazon.

[This video](#) does a good job of explaining how to access ERC-20 Tokens like KCH on your Ledger Nano.
